

# Quick Tip: Understanding patient indicators

**Patient Indicator badges** appear on the Patient Banner and cards where information is located. These provide abbreviations of the types of visits and number of information listed in the past 12 months.

## Patient Visits Badges

Visits in past 12 months including your own health service

Emergency

8 ED | 4 IP | YEST\_

Outpatient

Inpatient

Discharge days

**Help links** and **personal settings**

e.g. Clinicians Health Channel

**Protected Patient label**

Appears after Break Glass is complete

**BEACH, Sandy**  
08-Jun-1989 (34y) | Female | URN 880000007  
**2 ED | 1 IP**
